

Oh No! Here We Go Again!

Flies Create garbage the same as guns Create Crime.

To control crime via the method of depriving the tools of crime, we better start banning from civilian use not only firearms but: vehicles, bats, golf clubs, fireplace pokers, crowbars, 2 X 4's, bricks, hammers, mallets, screwdrivers and other tools, eating utensils, toothbrushes, pipes, anything glass, knick knacks, statues, bird baths, knitting/crochet needles and any other strikable or stabable object - to name just a few ...

"After a shooting spree, they always want to take the guns away from the people who didn't do it."

William Burroughs, 1992

The Second
Amendment
is in place
in case
politicians
ignore
the others.

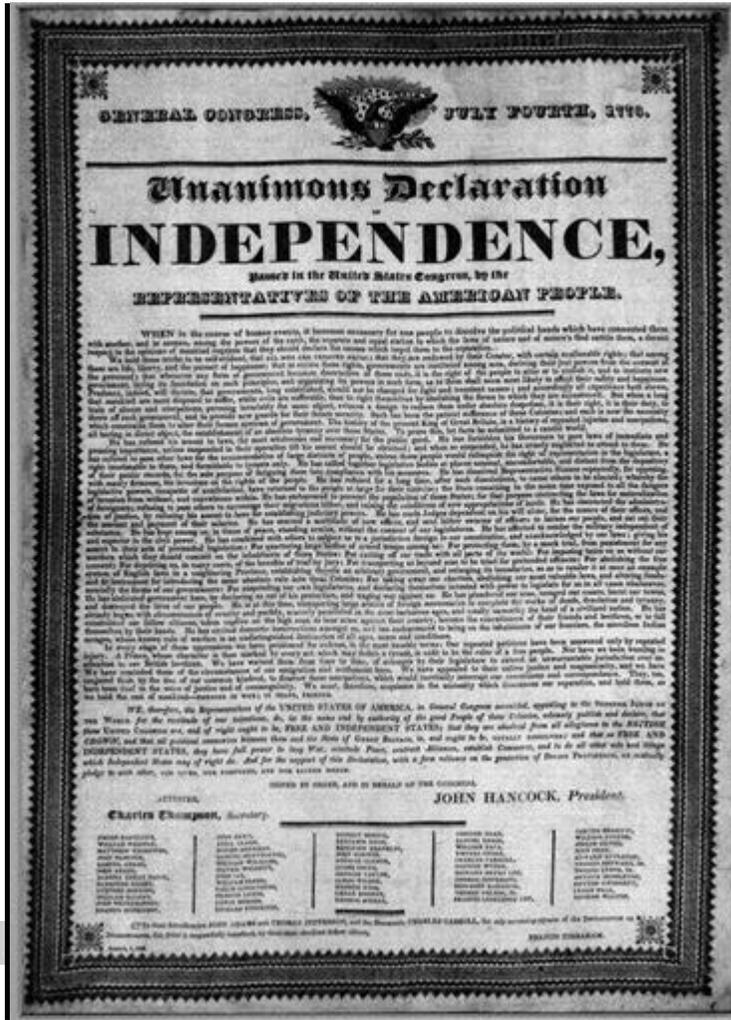

The truth is that NO law, act, bill, declaration, directive, executive order or treaty has EVER PREVENTED a crime. We will NEVER EVER be able to keep the tools of a criminal's trade away from them by outlawing them.

Remember Prohibition, it didn't work to reduce drunkenness or crime; in fact it increased it.

Without the
2nd Amendment

all the others
are worthless.

It is the sicko and criminal that commits crime, not the tool of the person committing the crime. If we want to reduce crime; we must reduce the sickos and criminals; to do that we need to identify them and put them where they cannot be a threat to the rest of us law abiding and Creator loving people.

Our country was founded on the principle that each and every one of us has '*inalienable rights*' given to us by God the Creator and they *cannot* be taken away from us by ANY human-made government.

All of our founding documents have one common theme: The freedom of choice within the constraints of the 10 Commandments. Because of this I will defend any US citizen's right to NOT own a firearm, as strongly as I will defend any US citizen's right TO own a firearm. I will defend this inalienable right of personal choice with my last breath.

“You may not like guns, and choose not to own one. That is your right. You might not believe in God. That is your choice. However, if someone breaks into your home the first two things you’re going to do are:

1) Call someone with a gun. 2) Pray they get there in time.”

Since 2009 (according to the FBI crime stats, CDC, WHO & Census stats) each year suicide now 'kills' more US citizens than vehicle accidents. *Homicides* (including ones WITHOUT firearms) are *NOT even in the top 10 causes of mortality of US citizens.*

So yes, let us remember those taken from us by sickos and criminals and start attacking the root cause - the sickos and criminals!

PS - Since 1974 I have been a non-designated voter. I will NOT support the Democrats or Republicans with monies or my vote. They are flip sides of the same coin and have hijacked our representative government, debased the dollar, increased debt and inflation and pass laws for a federal dictatorship! My tax dollars should go to NO political party!!! Belonging and supporting a political party is a CHOICE and should not be dictated!

“Gun control? It's the best thing you can do for crooks and gangsters. I want you to have nothing. If I'm a bad guy, I'm always gonna have a gun. Safety locks? You pull the trigger with a lock on, and I'll pull the trigger. We'll see who wins.”
